SWAP OUR
TEMPLATE FOR
A PAPER PLATE!

STEP 1. GET TEMPLATE READY

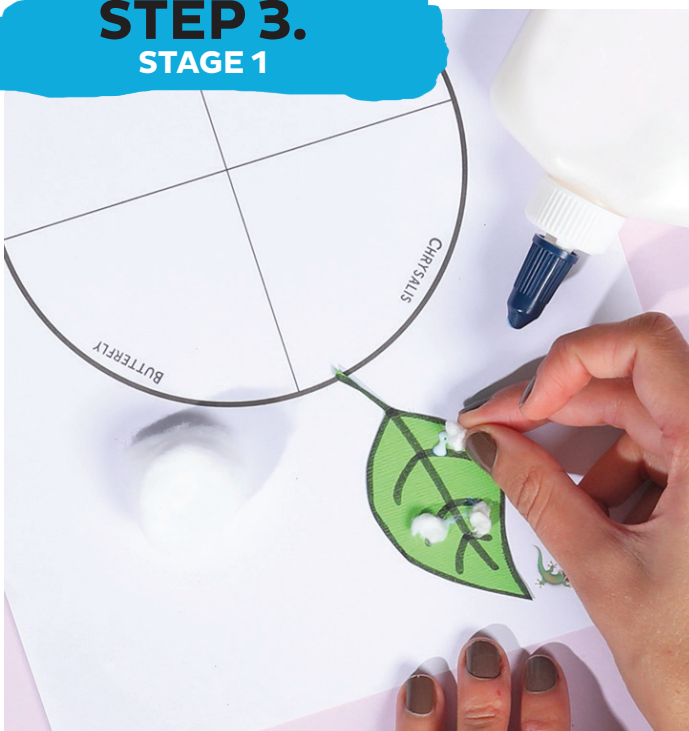

Print out the life cycle template... or draw your own!

STEP 2. MAKE A LEAF

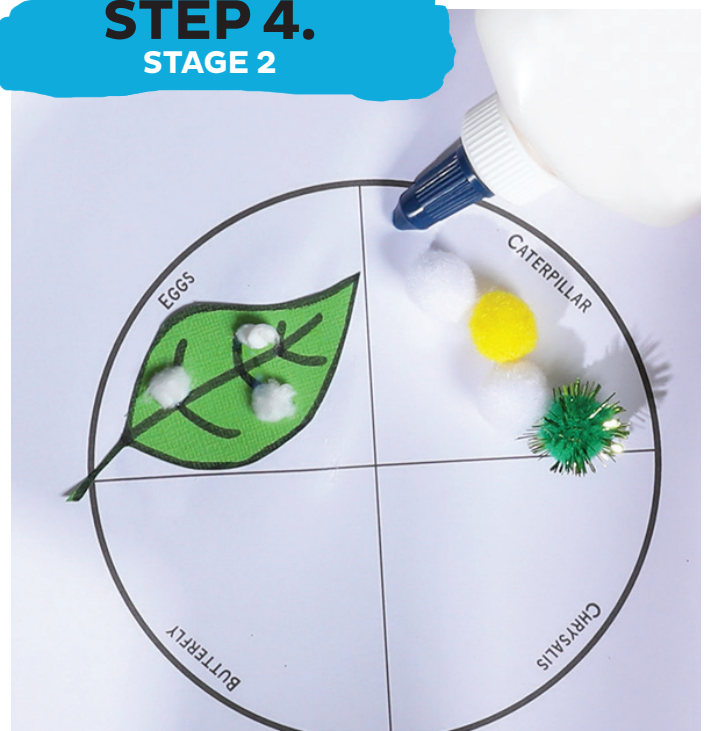

Cut out a small leaf from your green construction paper and draw lines with a black pen.

STEP 3. STAGE 1

Tear a cotton ball into smaller sections and stick on the leaf to create eggs. Glue your creation onto STAGE 1 of the template.

STEP 4. STAGE 2

Glue colourful pom poms in a squiggly line on the STAGE 2 section to create your caterpillar.

DON'T FORGET TO
DECORATE YOUR
BUTTERFLY!

STEP 5. CREATE BRANCH

Draw a small twig onto the STAGE 3 section.

STEP 6. STAGE 3

Cut a 3cm square of tissue paper and twist it at both ends to form the cocoon. Glue onto the twig.

STEP 7. STAGE 4

Cut out butterfly shape and paste onto STAGE 4 of your template.

STEP 8. CREATE BUTTERFLY

Decorate with glitter glue and create the antennae.
