3. Take out a sheet of dots from the wallet.
4. Fold and then tear off, along the perforations, to remove as many dots as required.

APPLICATION

5. Peel off the printed release paper to reveal a Glu Dot left on the clear backing. The Glu Dot is now ready for use.
6. Press the Glu Dot firmly onto the item to be bonded and then slowly and carefully peel off the clear backing.
7. The Glu Dot will be adhered to the item, which can now be bonded to the other surface.
