

Bostik Breathe

HUMIDITY ABSORBER

TECHNICAL SHEET 23/10/2024

SMART ADVANTAGES

- The two tablets system offers up to 33% more absorption surface area and more absorbent product than the market average.
- No additives: no coloring or perfume
- Eco-designed: made from recycled plastic, food industry waste and recycled carton

DESCRIPTION

Bostik Breathe is a humidity absorber suitable for all rooms and spaces. Designed to provide more absorption (up to +33%) than market average. Eco-designed and made from recycled materials. Works with replaceable refills. No coloring, no perfume.

APPLICATIONS

- Bostik Breathe is a moisture absorber that absorbs humidity in the air and avoid condensation.
- Suitable for all damp locations: bathrooms, kitchen, bedroom, living room, laundry room, basement.
- No electricity: works with refills.
- Covers areas up to 25m².
- One refill can last up to 4 months dependent on the humidity levels in the room.

CONSUMPTION

1 refill: 2 tablets of 250g each.
Consumption depends on the humidity levels in the area.

LIMITATIONS

- Not suitable for extreme heat applications.
- Not suitable for areas trafficked by heavy vehicles or forklifts.

SAFETY INSTRUCTIONS

- CAUTION: Causes severe eye irritation. If medical advice is needed, have product or container label at hand.
- Keep out of reach of children. Wash skin thoroughly after handling. IF IN EYES Rinse cautiously with water for several minutes. Remove contact lenses if present and easily removable. Continue rinsing. If eye irritation persists, seek medical attention.

DIRECTIONS FOR USE

SET-UP

- Lift the top of the absorber and take out the 2 tablets in their individual bags from the housing.
- Open the bags and insert the tablets into the slots.
- Close the top. The absorber starts working!
- To optimize absorption, place the device in an area where the air circulates freely.
- To avoid the risk of falling and spillages, place it in a location where it won't be knocked over.
- Refill tablets must be replaced when fully dissolved to keep the absorber working.

EMPTYING & CLEANING

- Remove the housing of the absorber by lifting it upwards.
- The liquid can be disposed of in any household sink.
- The absorber can be completely dismantled for cleaning and easily reassembled.
- To optimize absorption, place the device in an area where the air circulates freely.
- To avoid the risk of falling and spillages, place it in a location where it won't be knocked over.
- Refill tablets must be replaced when fully dissolved to keep the absorber working.

CLEANING

- Lukewarm water.

STORAGE STABILITY

Store at a temperature not exceeding 40°C. The absorbent and water in the absorber tray can stain and damage certain materials such as fabric, leather and metals. In case of contact, rinse immediately with lukewarm water.

PRODUCT PACKAGING

- 1 x humidity absorber unit plus 2 x 250g tablets
