

# REGULATORY INFORMATION

## Asia Pacific

**BOSTIK GSKT SEALANT RTV RED 85G**  
Revision Number 1.01

Revision date 29-May-2026  
Supersedes date 11-Nov-2025

### Asia Pacific Regulations

#### Japan

**Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. (CSCL)**

This product does not contain a substance  $\geq 0.1\%$

**Japan-Export Trade Control Order**

This product does not contain a substance  $\geq 0.1\%$

#### China

**Regulations on the Administration of Precursor Chemicals**

This product does not contain any substance(s) on the Drug Precursors list.

**China - Export Control List - Part I Chemicals**

This product does not contain a substance  $\geq 0.1\%$ .

### European Union

**SVHC: Substances of Very High Concern for Authorization:**

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (Regulation (EC) No. 1907/2006 (REACH), Article 59)

Effective date 04/02/2026 (DD/MM/YYYY)

**Substance subject to authorization per REACH Annex XIV**

This product does not contain substances subject to authorization (Regulation (EC) No. 1907/2006 (REACH), Annex XIV)

**EU-REACH (1907/2006) - Annex XVII - Substances subject to Restriction**

This product does not contain substances subject to restriction (Regulation (EC) No. 1907/2006 (REACH), Annex XVII).

**Endocrine Disruptor Information**

This product does not contain substances on the listed regulation  $\geq 0.1\%$ .

**Directive 2011/65/EU (EU RoHS 2), as amended by the Delegated Directive (EU) 2015/863 (EU RoHS 3)**

This product does not contain Lead, Cadmium, Mercury, Hexavalent chromium, Polybrominated biphenyls (PBB), Polybrominated diphenyl ethers (PBDE), Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP) above the regulated limit mentioned in this regulation

This document is based on the information given to us by our own suppliers at the date of this document

**European Parliament and Council Directive 94/62/EC of 20 December 1994 on packaging and packaging waste**

The sum of heavy metals (lead, cadmium, mercury and hexavalent chromium) does not exceed 100ppm based on data from our suppliers. Please note that we do not measure the heavy metal content in this product. This document is based on the information given to us by our own suppliers at the date of this document.

**Persistent Organic Pollutants per (EC) 2019/1021 - Annex Number**

Based on the information from our suppliers and the final product composition, we do not knowingly add any materials classified as a Persistent Organic Pollutant (POP), as defined by Stockholm Convention and set out in the EU Regulation 2019/1021 and amendments in force, during the production of this product, nor do our suppliers report the inclusion of these materials in their products

**European Directive 2009/48/EC of June 18, 2009 on the safety of toys**

This product contains the following substance(s)

| Chemical name                     | EU - Safety of Toys (2009/48/EC) - Migration Limits in Scraped-off Toy Material | EU - Safety of Toys (2009/48/EC) - Migration Limits in Dry, Brittle, Powder-like or Pliable Toy Material | EU - Safety of Toys (2009/48/EC) - Migration Limits in Liquid or Sticky Toy Material | EU - Safety of Toys (2009/48/EC) - CMR and their Permitted Uses in Toy Material |
|-----------------------------------|---------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|---------------------------------------------------------------------------------|
| Dibutyltin diacetate<br>1067-33-0 | MAC: 12mg/kg                                                                    |                                                                                                          | MAC: 0.2mg/kg                                                                        |                                                                                 |

**United States of America****California Proposition 65**

Effective date 05/12/2025 (DD/MM/YYYY)

This product does not contain one or more substances listed on Proposition 65 at or above 0.1 wt. %.

**EPA TSCA Section 6(h) (Persistent, Bioaccumulative, and Toxic (PBT) Chemicals)**

Based on the information from our suppliers and the final product composition, this product is screened for Decabromodiphenyl ether (DecaBDE) (CAS # 1163-19-5), Phenol, isopropylated phosphate (3:1) (PIP (3:1)) (CAS # 68937-41-7), 2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP) (CAS # 732-26-3), Hexachlorobutadiene (HCBd) (CAS # 87-68-3), or Pentachlorothiophenol (PCTP) (CAS # 133-49-3)

Not present

**U.S. - CPSC (Consumer Product Safety Commission) - Prohibited Phthalates in Children's Toys and Child Care Articles**

This product does not contain any substances

**CONEG**

Heavy metal compounds (cadmium, chromium, mercury and lead) are not known or expected to be present in the above-mentioned product  $\geq 100$ ppm. Therefore, there is no objection to use this product in the manufacture of packaging materials intended to be covered by CONEG standard. This document is based on the information given to us by our own suppliers at the date of this document.

**Substance related information****Natural latex**

Based on information from our suppliers and the final product composition, this product is screened for the presence of Natural Rubber Latex (CAS # 9004-04-6)

**Natural latex** Not present

**Styrene**

Based on information from our suppliers and the final product composition, this product is screened for the presence of Styrene (CAS#100-42-5)

**Styrene** Not present

**Formaldehyde**

Based on information from our suppliers and the final product composition, this product is screened for the presence of Formaldehyde (CAS# 50-00-0)

**Formaldehyde** Not present

**Bisphenol A**

Based on information from our suppliers and the final product composition, this product is screened for the presence of Bisphenol A (CAS # 80-05-7)

**Bisphenol A** Not present

**Phthalates**

Based on information from our suppliers and the final product composition, this product is screened for the following phthalates, DINP – diisononyl phthalate (CAS #s 28553-12-0 and 68515-48-0), DEHP – diethyl hexyl phthalate (CAS # 117-81-7), DBP – dibutyl phthalate (CAS # 84-74-2), DIDP – diisodecyl phthalate (CAS #s 26761-40-0 and 68515-49-1), DNOP – di-n-octyl phthalate (CAS # 117-84-0), BBP – butyl benzyl phthalate (CAS # 85-68-7), DMP – dimethyl phthalate (CAS # 131-11-3), DEP – diethyl phthalate (CAS # 84-66-2) and DIBP – diisobutyl phthalate (CAS # 84-69-5)

**Phthalates** Not present

**BTEX chemicals**

Based on information from our suppliers and the final product composition, this product is screened for the presence of the following substances: Benzene (CAS# 71-43-2), Toluene (CAS# 108-88-3), Ethyl benzene (CAS# 100-41-4) and Xylenes (CAS# 106-42-3, 108-38-3, 95-47-6)

**BTEX chemicals** Not present

**Heavy metals**

Based on information from our suppliers and the final product composition, this product is screened for the following heavy metals Lead (Pb), Mercury (Hg), Cadmium (Cd) and Hexavalent Chromium (Cr 6+), Antimony (Sb), Arsenic (As), Barium (Ba), Nickel (Ni), or Selenium (Se)

**Heavy metals** Not present

**GADSL**

The Global Automotive Declarable Substances List covers substances that are expected to be present in a material or part that remains in the vehicle or part at point of sale., Contact your representative if you require submission via IMDS portal

**ILFI - Red List Chemicals**

The International Living Future Institute (ILFI) has developed the “Red List” materials. Builders seeking to meet the certification requirements of the Living Building Challenge must verify the materials of construction do not contain the substance on the “Red List” above 100 ppm.

<https://living-future.org/lbc/red-list/#red-list-and-watch-list-casrn-guide>

**Effective date** Feb 2025

Based on a review of the product composition, this product contains substance(s) identified as ILFI Red List Chemicals above the reporting threshold

| Chemical name                        | Weight-% | Living Future Institute |
|--------------------------------------|----------|-------------------------|
| Poly(dimethylsiloxane)<br>63148-62-9 | 10 - <20 | Watch list              |
| Dibutyltin diacetate<br>1067-33-0    | 0.1 - <1 | Priority list           |

### **Polycyclic aromatic hydrocarbons (PAHs)**

Based on information from our suppliers and the final composition this product is screened for Polycyclic aromatic hydrocarbons

**Polycyclic aromatic hydrocarbons (PAHs)** Not present

### **Polyvinyl chloride (PVC)**

Based on information from suppliers and the final composition, this product is screened for presence of PVC

**Polyvinyl chloride (PVC)** Not present

### **Brominated fire retardants**

Based on the information from our suppliers and the final product composition, this product is screened for presence of brominated fire retardants

**Brominated fire retardants** Not present

### **ZDHC - Manufacturing Restricted Substances List - Candidate List**

This product does not contain any substances

### **AFIRM - Restricted Substances List**

This product does not contain any substances

### **Disclaimer**

For more information, please contact your local customer service or sales representative.

Please note that we do not routinely analyze additional substances that are not listed in the SDS. Unless otherwise indicated, the information provided herein is based upon information from raw material suppliers, product composition and knowledge of our manufacturing process. If a questionnaire was submitted, please note that to respond to each customer in a timely and efficient manner, our company has developed and will use a standardized system to store and provide the requested information.

The regulatory statements, technical information, and all other information or recommendations contained herein are believed to be accurate as of the date hereof. All information is provided "as-is" and subject to change without notice. Since the conditions and methods of use of the product and certain information referred to herein are beyond our control, ARKEMA expressly disclaims any and all liability as to any results obtained or arising from any use of the PRODUCT or reliance on such information. As such, it is the sole responsibility of the end-user to ensure that the final product is safe for its end use; performs or functions as intended; and complies with all applicable legal and regulatory requirements.

**\*\* NO WARRANTY OF FITNESS FOR ANY PARTICULAR PURPOSE, WARRANTY OF MERCHANTABILITY OR ANY OTHER WARRANTY, EXPRESSED OR IMPLIED (INCLUDING SUITABILITY FOR USE IN ANY MEDICAL DEVICE OR MEDICAL APPLICATION), IS MADE CONCERNING THE PRODUCTS DESCRIBED OR THE INFORMATION PROVIDED HEREIN. \*\***

The information provided herein relates only to the specific product designated and may not be applicable when such product is used in combination with other materials or in any process.

The performance of the PRODUCT, its shelf life, and application characteristics depends on many variables, and changes in these variables can impact product performance. The user should thoroughly test the suitability of the PRODUCT in advance for any intended use or application before commercialization. This is not a warranty, an agreement, or substitute for expert or professional advice. Nothing contained herein constitutes a license to practice under any patent and it should not be construed as an inducement to infringe any patent and the user is advised to take appropriate steps to be sure that any proposed use of the product will not result in patent infringement. It is the user responsibility to require an updated version of this document.

See SDS for Health & Safety Considerations.

Arkema has implemented a Medical Policy regarding the use of Arkema products in Medical Devices applications

(<https://www.arkema.com/global/en/social-responsibility/innovation-and-sustainable-solutions/responsible-product-management/medical-devic>

epolicy/). Arkema has designated Medical grades to be used for such Medical Device applications. Products that have not been designated as medical grades are not authorized by Arkema for use in Medical Device applications that are in contact with the body and/or circulating bodily fluids. In addition, Arkema strictly prohibits the use of any Arkema products in Medical Device applications that are implanted in the body and/or in contact with bodily fluids or tissues for greater than 30 days. The Arkema trademarks and the Arkema name shall not be used in conjunction with customers' medical devices, including without limitation, permanent or temporary implantable devices, and customers shall not represent to anyone else, that Arkema allows, endorses or permits the use of Arkema products in such medical devices. ARKEMA does not design, manufacture and/or sell any medical devices. ARKEMA does not co-design, or offer assistance to any purchaser of its products, in their design, manufacture and/or sale of products for medical devices.

It is the sole responsibility of the manufacturer of the medical device to determine the suitability (including biocompatibility) of all raw materials, products and components, including any medical grade of Arkema products, in order to ensure that the final end-use product is safe for its end use; performs or functions as intended; and complies with all applicable legal and regulatory requirements (FDA or other national drug agencies). It is the sole responsibility of the manufacturer of the medical device to conduct all necessary tests and inspections and to evaluate the medical device under actual end-use requirements and to adequately advise and warn purchasers, users, and/or learned intermediaries (such as physicians) of pertinent risks and fulfill any postmarket surveillance obligations. Any decision regarding the appropriateness of a particular Arkema material in a particular medical device should be based on the judgment of the manufacturer, seller, the competent authority, and the treating physician.

For your internal use only. This document may not be further distributed or disclosed without prior written approval of Arkema.
